Hold fast to dreams
For if dreams die
Life is a broken-winged bird
That cannot fly.

Hold fast to dreams
For when dreams go
Life is a barren field
Frozen with snow.

Words from Mr. Fleming

May 1, 1995

Dear Members of the Class of 1995,

Has your high school experience been worthwhile? Will it sustain you when the challenges of the future make you feel that the ocean is about to overrun you or the sky is going to collapse? Your principal feels you had a "good ride" and that the faculty has used its available resources and talents to get the job done.

The majority of you will go on to further training at places like Johns Hopkins University, The University of Rochester, Boston College and Boston University, Villanova University, the Massachusetts State and Community Colleges, Assumption, Providence, Merrimack and Bentley Colleges and many, many other institutions of all kinds. That willingness to continue learning is one way we know you have succeeded because to be happy, learning needs to go on forever and you have made the first connection.

We have tried to work with you and your families to teach you to respect yourselves by not abusing yourselves with overindulgence of whatever is available. We have tried to teach you a little about love by not letting you hurt each other by being artificially judgmental.

We have tried to encourage pride in teamwork and community and you have responded by reaching championship level competition in field hockey, ice hockey, soccer and basketball. There have been awards in art and photography and our music program continues to approach world class status.

So, if you don't take yourselves seriously, realize that you are part of something that is infinitely more significant than you are or ever can be and never stop attempting to be all that you can. You should be fine.

Never forget the spirit of the "little school" because you are the result of public school education.

Good luck in all your future endeavors.

Sincerely,

Paul T. Fleming

DEDICATION- MR. DEROSA

"Although I never passed any of his tests, during the short time I had Mr. DeRosa, he taught me a lot. Not only about science, but little lessons and things to remember about life. I do remember, and will miss him."

Melissa Kanter

Mr. Richard L. DeRosa is first and foremost an outstanding teache who came to Wilmington some twenty-three years ago as Direc tor of Science (K-12) after serving as a department head in Dracu and Hudson, New Hampshire. He soon became a mentor for Wilmington teach ers, expanded the science curriculum in all grade levels and introduced the firs comprehensive health curriculum in Wilmington. Mrs. Bertini, Mr. Megyes and Mr. Wood were all recruited to the high school staff by Mr. DeRosa.

He was also known as an advocate for students and in 1983-84, serve as Acting Principal of Wilmington High School and led the school through th first phases of the renovation project. Later, he returned to the classroom as th Department Chairman for Science and Health and inspired many student through his rigorous, thorough teaching and by serving as Senior Class Adviso in 1993-94.

Mr. DeRosa is a scholar holding M.S. and M. Ed. degrees in health sc ences and educational administration from Northeastern University and Lowe University respectively. He is widely respected as an educational consultant an teaches graduate courses in education for Fitchburg State College throug Merrimack Education Center. He now serves as Principal of the Robinson Middl School in Lowell but he leaves an inestimable and enduring legacy in Wilmingto

Richard W. Fara

"Mr. DeRosa was a great influence in my life. He passed his love of sciences on to me and now I am going to college to pursue a career in medicine. He's not just a teacher, he's a friend. When I needed to make a big decision, I picked up a phone book and called him. His class was a challenge. A student didn't just learn about the subject but he learned about life. He was constantly making comments about how to be successful in college and after college. I'm just happy that I managed to have him for his last year at WHS."

Allyson Murray

"I can remember all the great talks our honors biology clas had with him to prepare us for our later years of hig school, and don't forget college. His techniques and grea advice really kept us interested all year long. Mr. DeRos I believe, has left a permanent imprint on all of us and w will never forget him. Thank you Mr. DeRosa."

DEDICATION - MRS. GEARTY

t's nice to be able to count on someone who's happy help when things need to be done, who always can nd special ways to be kind... Someone who knows how give. For all your years of giving, for all that you are, ank you, Pat."

Mr. Woods

Unfortunately as the class of '95 graduates we take Mrs. earty with us. She has been a positive influence in my e, she taught me the office skills I will need in the usiness world and I will miss her."

Joe Martiniello

The administration of the high school enthusiastically supports Mrs. Gearty as a co-recipient of this year's yearbook dedication with all the love they can muster and project.

Mrs. Gearty has served five high school principals with exemplary wisdom, skill, and energy. Her life animates Ralph Waldo Emerson's description of success!

Success

To laugh often and much; to win the respect of intelligent people and affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty, to find the best in others; to leave the world a bit better, whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded.

by Ralph Waldo Emerson

"She will forever be indigenous to what is the best of Wilmington High School. Keep the wind at your back and God in your heart, Pat. You taught us what matters."

Mr. Fleming

"I was always greeted by a friendly, caring woman who was always eager to help. She always made the office a nicer place with her smile and care. These things are not easily replaceable."

Marc DiJulia

"My whole time attending WHS, there is one person that has always been there and that is Mrs. Gearty. She has acted kind of like a grandmother to me and she will be missed."

YOUR

Welcome

Our first day at Wilmington High School began on September 7, 1991. We all came to high school with different fears: some afraid they'd be stuffed in lockers, others afraid their lunch money would be stolen. Mr. Woods became our class advisor, an office he would hold for all four years. We voted for Class Officers: Jenna Volpe was elected President, Seung Won Kim was Vice President, Kerri Casella was Secretary, and David DeSantis was Treasurer. Various events occurred during the year. We saw the AIDS quilt displayed in the gym. On television, we watched the Las Angeles riots, the Rodney King affair, the Clarence Thomas and Anita Hill trial, and Magic Johnson's retirement after contracting HIV. As a field trip, our class adventured to Canobie Lake. Oh what a day . . . The sports teams had a successful season. The football team actually won the Thanksgiving Day game in Tewksbury, the only Turkey Day win in our four years at WHS. Freshman year was full of pranks, but who knew they'd get worse as the years went on!

Our sophomore year began in September of 1992. Our class officers were: President-Jenna Volpe; Vice President-James Doucette; SecretaryKerri Casella; and Treasurer-David DeSantis. Bill Clinton became President of the United States. Many sports teams had a successful year. The soccer and field hockey teams made it the the States. We watched the 4x440 TOMAHAWK relay team be State Champs as well as our softball team. This year we were the most famous town in Massachusetts. Why, you ask? Oh, I forget. I think it has to do with some incidents that begin with the letter H——! No, it's not because we couldn't wear HATS, either! Someone bombed the World Trade Center, the Mississippi flooded the Midwest, and David Koresh's compound was seized in Waco, Texas. On the football field, we witnessed a mock drunk driving accident put on by SADD, complete with ambulance, helicopter, hearse, and mourners, which sincerely touched us all. On April 29, 1993, we held our Senior Semiformal-Oh excuse me, I meant **Sophomore** Semiformal-at the Knights of Columbus. The first annual??? Church St. Challenge was held, and we placed second to the seniors. As for fundraisers, we reluctantly sold oranges and the everlasting boxer shorts. By the way, who was the pervert that always pulled those fire alarms?

Ah, the year is 1993. We're juniors; Finally upperclassmen. Class Officers were President-Jenna Volpe, Vice President-David DeSantis, Secretary-Kerri Casella, and Treasurer-Sean Crowley. Many events happened in the world around us. In the sports world, Michael Jordan retired . . . and came back, Reggie Lewis suddenly died, and the baseball teams went on strike. Lorena Bobbitt was accused of damaging one of her husband's body parts. Tonya Harding hired a hit man to ruin Nancy Kerrigan's knee before the Winter Olympics in Norway. As for WHS, the school year was also eventful. We were saddened by the loss of Mr. Breakey and the retirement of Mr. Kelley and Mr. Downs. We were the first class to experience the new SAT's. Jason Bere was honored at WHS on February 8, 1994. Again we held the Church St. Challenge, but we seemed to lack something. I guess that's why we didn't have one senior year. Many sports teams made it to state competition such as field hockey, boys and girls soccer, X-country, and basketball. The softball team once again won the title of State Champs. Our junior prom was held on June 3, 1994 at the Hillview Country Club. The King and Queen of the prom were Paul Heigham and Heather Scott. The WHS Band traveled to Washington for the St. Patrick's Day Parade. Tom Hanks starred in the box office hit, *Forrest Gump*. The *Lion King* was also a huge success. And of course,we listened to our principal ask if anyone knew the recipe for banana and apple fritters over the loud speaker. By the way, did we mention we're still selling boxer shorts-$5 a pair?

WE MADE IT! It's 1994 and we're finally seniors. We came back to school August 31, 1994. Yes, that's right, August! Our class officers remained the same as junior year. Homecoming was held on October 14 and King and Queen were Sean Crowley and Ann Dulong. We made freshman friends at our annual Freshman-Senior Buddy Breakfast. Again our sports teams were really successful. For some reason the band and the football team didn't seem to get along. We played our last year in the Merrimack Valley Conference. Good luck next year in the Cape Ann League! We redid our senior lounge, complete with a new carpet, new walls and terrific artwork, but of course it was ruined by the underclassmen, I'm sure. If a visitor came to WHS, no food or drinks would be found in the halls or classes, no where except in the the cafeteria—Yeah right! We watched the town of Wilmington become environmentally conscious by recycling almost everything. We also watched our last sport events in the old Boston Garden and Oklahoma was bombed. Our '95 Day party was held on February 16, 1995 at the Sons of Italy, but it really wasn't 95 days until graduation. On April 6, we watched Mr. Joyce's AP English classes (yes, classes) put on their play "Two For One" which was a sold out affair. On April 13, WHS held a science fair, but only certain people could participate. On April 27, the PAC sponsored a unique fashion show titled Bon Voyage. We argued that we should signout May 26 instead of June 2, and after going to the school committee, were granted our wish. Our prom was held on May 26 at the Officers Club on Hanscom Air Force Base and we went to the Knights of Columbus afterwards. Academic Convocation was held on June 9 and Graduation followed on June 11, 1995. As I said, the pranks got worse as the years went on, from perverts pulling fire alarms, to rodents in the cafe, to fish in the classrooms. And of course, we'll never forget Mr. Fleming's announcements reminding us to get our course selection sheets turned in, how important a college education is, and how much we should not drink alcohol.

Now, we leave WHS. Thanks to every one that's helped us along the way-parents, friends, and teachers. We've had both good times and bad times, but we all have something in common:We are all graduates of Wilmington High School.

The Circus Turtle

Tim and Kate and Little Joey went to the Circus
Tim and Kate had learned about it in school They
especially wanted to see the animals First they bought
peanuts and cotton candy Then they sat down
Kate said, "Look at the tiger!" Tim liked the
lion best Little Joey said, "Where are the
turtles?" Tim told him there were no turtles
in the circus Little Joey began to cry
Kate had an idea. She ran back to the toy
stand when she came back, she gave Little
Joey a toy turtle Little Joey hugged
it. Then Kate and Tim and Little Joey
hugged it Then Kate and Tim and Little
Joey enjoyed the show.

In the wake of the 1994 Los Angeles earthquake and the southern California wildfires of 1993, California experiences more natural disasters in January 1995 when rainstorms cause flooding that kills 11 people and leaves 3,000 others homeless. Flooding is so high in Santa Barbara, fun-seeking teenagers dive off a freeway overpass into 15 feet of water. President Clinton declares 34 counties federal disaster areas.

In 1994, the U.S. registers a one-year population growth of 2.7 million. One-third of the increase is due to immigration, the largest such influx since 1914.

Author and humanities professor, Ralph Ellison, dies at age 80. His 1952 novel, *Invisible Man*, has been called the most powerful novel written about alienation, identity, and racism in America.

A huge increase in killings by 14- to 24-year-olds raises the nation's homicide rate, while violence blamed on preteens rocks communities nationwide. A boy, 13, is sentenced to life for strangling a four-year-old. In Chicago, an 11-year-old boy kills a 14-year-old girl and is then executed by his own gang. In Washington state a pair of 12-year-olds shoot a migrant worker.

The death of Jacqueline Kennedy Onassis in May 1994 marks the end of an era, a time when America was prosperous, fighting for civil rights, and heading for the moon. The former first lady is buried next to her husband, President John F. Kennedy, in Arlington National Cemetery, Washington, D.C.

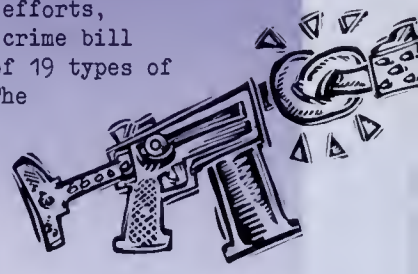
The prosecution seeks the death penalty in the case of Susan Smith, who dupes the nation with a frightening tale of the abduction of her two little boys. The community's early support grows quickly to hatred when Smith confesses to murder—she sent her children to their deaths at the bottom of a lake.

Called the Republican revolution, November mid-term elections put the Republican party and its anti-big government platform in control of Congress for the first time in 40 years. Georgia's Newt Gingrich, author of the GOP's "Contract with America," is the new Speaker of the House.

The volunteers for Silent March bring shoes from every state for one of the quietest demonstrations to ever take place in Washington, D.C. Each empty pair of shoes represents one of the more than 40,000 Americans who have been killed by handguns.

Despite powerful National Rifle Association lobby efforts, Congress passes a crime bill banning the sale of 19 types of assault weapons. The Brady Law goes into effect; in one month 23,610 people with criminal records are denied the purchase of a handgun.



Heat, drought, and lightning combine to set Western states ablaze in late June and July. Fires consume 2,000 acres in Colorado's South Canyon when 50 mile-an-hour winds whip the flames into a firestorm, killing 14 specially trained firefighters; 10 men and four women.

The 37th U.S. President, Richard Nixon, dies in April 1994. Nixon was responsible for restoring normal ties with the People's Republic of China following the signing of the Shanghai Communique in 1972.

Rick Phillips, *The Janesville Gazette*

A rare white buffalo named Miracle draws crowds to the humble Wisconsin farm where it was born August 20. Native Americans believe the calf is the fulfillment of a Lakota Sioux prophecy. Five hundred years ago, White Buffalo Woman told her people that she would return as a white calf to usher in a new age of harmony between all races of mankind.

The U.S. Food and Drug Administration blasts the tobacco company executives at a congressional hearing in March 1994 for denying that nicotine, a drug found in cigarette smoke, is addictive. Tobacco industry workers fear losing their jobs if the FDA succeeds in classifying and restricting cigarettes as a drug.

The Flint River overflows, washing coffins out of a Georgia cemetery after torrential rains from tropical storm Alberto flood Georgia and the Florida-Alabama panhandle. Thirty-two people die, 40,000 are temporarily homeless, and 10,000 square miles are underwater, causing $100 million in crop damage.

Former football star O.J. Simpson is charged with the June 12th stabbing death of his ex-wife Nicole and her friend Ronald Goldman, causing a non-stop media avalanche. The sensational case familiarized watchers with spouse abuse, a televised ride in a white Ford Bronco, "Kato" Kaelin, and DNA testing. Simpson faces the jury in January.

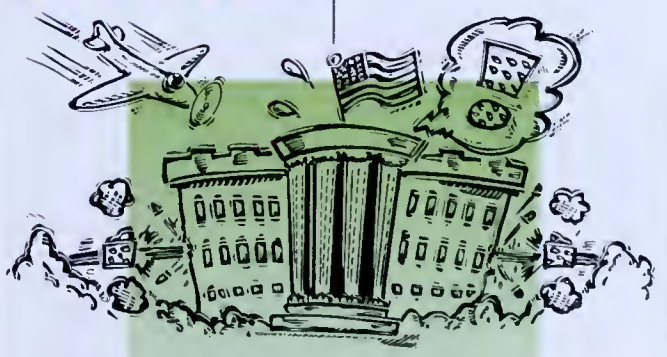
President Clinton, with Republican leader Bob Dole, signs legislation implementing the U.S. role in an expanded General Agreement on Tariffs and Trade (GATT), one of the most sweeping trade liberalization pacts in history. The legislation makes the U.S. a member of a new 125-member World Trade Organization. Protectionists worry that GATT may promote world trade but won't sufficiently protect American jobs.



The Secret Service considers restricting public access to the White House after a gunman fires 27 rounds at the building's facade in October. In September, a small Cessna airplane crashes on the South Lawn and comes to rest at the base of the White House below President Clinton's bedroom, killing the pilot.

The fossil of a previously unknown dinosaur, the 25-foot-long Cryolophosaurus ellioti, is found in Antarctica.

Despite a so-called fitness craze, the National Center for Health Statistics confirms the American overabundance of food combined with a sedentary lifestyle is creating an epidemic of obesity. Autostereograms, popularly known as Magic Eye, cause legions of people to stare cross-eyed for long periods of time. Based on a mystery of neurology and 3-D objects, pattern elements fuse into left-eye and right-eye images of a single hidden object which appears to be floating.

Martin Rodbell and Alfred Gilman are awarded the 1994 Nobel Prize in Physiology or Medicine for developing a model of cell communication that has medical implications from cholera to cancer.

A cave is found in southern France, full of 300 vivid paintings of woolly-haired rhinos, bears, mammoths, panthers, and owls made about 20,000 years ago. The Stone Age artists also left behind bear skulls, flint knives, footprints, and fireplaces. Experts call it the archaeological find of the century.

One of Lake Superior's enduring mysteries is solved by scientists and marine historians who explore the wreck of the Edmund Fitzgerald, an ore carrier that sank with its crew in a 1975 storm. The ship, overused and in poor condition, was ripped apart by 90-mph winds and 30-foot waves. Most of the 29 crewmen are entombed inside the wreckage, well preserved in the 39° waters.

The 1994-95 boys indoor track team is a unique blend of personalities and ego We are full of energy, a little crazy, but always hard working. We are a sma team, and while that keeps us from winning a lot of meets, it has n prevented us from achieving success.

The 4x400 relay team of Joe Martiniello, co-captain Seung Won Kim, Henr Grise, and Kevin Kacamburas ranks among the top in the state. All four excel i individual races as well. Martiniello and Kacamburas are a formidable duo in th 300, Kim is a force in the 50 yard dash, and Grise has been dazzling in the 600. In th distance events we have our own share of memorable runners. Justin Yentile (mil has continued his All-Star performance from cross country, Pat Rufo (1,000) ha been an inspiration to all the younger runners, and co-captain Marc DiJulia (tw mile) has proven to be a true leader on and off the track.

We are not just a team of runners, but also of good people. The chemistry o our team has been spectacular thanks largely to our seniors: Henry Grise, Seun Won Kim, Joe Martiniello, Pat Rufo, Mike Fuller, Nick Montalto, Marc DiJulia, Justi Yentile, and Wes Dunham. They have helped to define what makes a good tean and have been respectful to all, even the freshmen.

Like any good team we have a strong and wise leader. He is Mr. Cripps - a coac a teacher, a legend. Mr. Cripps' dedication, commitment, and sense of purpose hav made this team into all that it is and all that it has the potential to be. His guidanc and help are not limited to just the track, but also to school and to life in general. believe many of us even consider him our friend.

We are the 1994-95 Boys Indoor Track Team, the few, the proud, the RUNNER

GIRLS INDOOR TRACK

nding: Mr. Woods, R. Peach, A. Zaya, K. Bruno, J. Gustafson, K. Roche, A. Cardinale, L. Bickford, J. Gillis, C. Cesse, Mr. Cripps. Kneeling: J. Roberts, L. Hewitt, K. Casella, J. Gosse, T. Cain, K. Fowle, S. Anderson, K. Oakleaf

The girls winter track team finished another memorable season. Although we started the season with a whopping 26 girls, we diminished to 18, gaining and losing a few along the way. Even though we weren't strong in numbers, we were strong in our enthusiasm, morale, support, and most importantly, effort. As a whole, the team displayed great strides of improvement throughout the season. Seniors Kerri Oakleaf, Jessica Roberts, and Kerri Casella always tried their best to keep the team together. We had a young team; 5 seniors, 3 juniors, 4 sophomores, and 6 freshman, but we managed to do the best we could through encouragement and personal triumph. Our team lacked experience, yet possessed the dedication to excel. Personal goals were set as well as personal records broken. The winter track shotput division (or the pariahs) had an interesting season with many new and promising putters. Seniors Kellie O'Donnell and Julie Gosse did their best to direct the team, and all the boys and girls shotputters seemed to enjoy their season as they improved steadily. We'd like to thank Mr. Cripps and Ms. Wood for their tolerance. It doesn't matter how much you do, it's how much you try that makes a difference. Overall, we've had a very successful year. Good luck next year, girls! Just remember, Don't Dog It! *"RUN FAST, RUN HARD, RUN LIKE WHS GIRLS WINTER TRACK!"*

GYMNASTICS

During the 1994-5 season. the gymnastics team had a great victory over Lowell and improved tremendously since the seniors' first season in 1991. Seniors Shana Boucher. Lisa Houle, Kelly Silva and Captains Ann Dulong and Jennifer Carroll led the team in one of the toughest leagues in the state. The steady improvement of scores throughout the four years has been a strong accomplishment for our once young team. We owe a lot of credit to our coach during all four years, Michelle Gillis, whom we thank tremendously. We will always remember our first year when the team connsisted of ten members, to our best year, our senior year, when the team flourished with twenty-five gymnasts. The seniors feel that the development and interest of gymnastics has blossomed in the past four years. We hope this continues in the future. We will always remember George, Fern, Furnace, Lucita, Sheeba and Spunky who made our team the best!
